## Sunset Ridge recognised for building excellence

<<Body>>

RSL Care's residential care facility at Sunset Ridge Retirement Community was recognised in October for excellence in building during the Master Builders Central Queensland region Housing & Construction Awards gala presentation at the Heritage Village Rockampton.

The Housing & Construction Awards recognise those at the forefront of building innovation and excellence in the housing and construction industry in Queensland. The award nominations were based on cost, design and functionality of the buildings.

The QPD Group was honoured by winning the *Health & Education Facilities award over \$15 Million*, as well as the *Lifestyle Housing for Seniors \$8 Million to \$30 Million* award for RSL Care's Sunset Ridge Retirement Community.

Sunset Ridge Retirement Community's exceptional structure is a fully integrated and multi staged retirement community development, master planned to include 100 independent living villas and a state of the art 120 bed residential aged care facility.

Joint initiative of RSL Care and the Capricorn Division of the Queensland Country Women's Association and operated by RSL Care, Sunset Ridge Retirement Community is located in arguably one of the most beautiful areas of the Queensland coast. The facility has enhanced the aged care services available on the Capricorn Coast.

The wonderful villas feature include open plan living, level design with no stairs, electric cook top with retractable overhead exhaust, remote controlled garage door, security screens on all doors and windows, reverse air-conditioning and a 24 hours emergency call system.

Master Builders Regional Manager, Rory McDonald said the calibre of entrants in this year's awards was outstanding and resulted in only the best of the best being chosen. "The enormous effort that members went through to produce a quality project was evident on the night," said Mr McDonald.
